

USED AND DEMONSTRATION MACHINES

 BLOHM

 JUNG

PLANOMAT 408 CNC

- complete overhaul in 2019
- machine control Siemens 840 D Solution Line
- spindle drive variable 16 kW
- grinding wheel adapter 400 x 30...80 x 127 mm
- E-Perm magnetic chuck 700 x 400 - DQ 18li
- coolant supply system right, left side optional
- prepared for profile dresser
- standard dressing diamond
- prepared for Digital Solution
- bandfilter coolant unit 150-100/3,5
- original year of manufacture 1997

Serial number: SN 14376

Delivery time: available immediately

215.000 €

PLANOMAT 616 CNC

- complete mechanical overhaul in 2019
- machine control Siemens 840 D
- full housing special design with sliding door for excess width workpieces
- spindle drive variable 24,5 kW
- grinding wheel adapter 400 x 25...100 x 127 mm
- E-Perm magnetic chuck 1500 x 500 - DQ 18
- linear measurement for axis Y und Z
- encoder for X-Axis
- coolant supply system right and left
- profile dresser PA-TL200S
- balance equipment M5000
- increased column 150-950 mm
- bandfilter coolant unit 150-100/3,5
- prepared for Digital Solution
- original year of manufacture 1999

Serial number: SN 14642

Delivery time: 4 Weeks

175.000 €

PROKOS 5 AXIS CNC

- demo machine, year of manufacture 2013, low machine hours
- machine control 840 D
- grinding area 300 x 300 x 300 mm
- spindle drive 35 kW
- grinding wheel max. 300x50x76,2 mm
- dressing attachment (2 arbour)
- autom. tool changer for max. 12 tools diam. 300 mm
set up station for wheel changer
- coolant mist extractor SARA UC2
- coolant filtration unit 350 l/min with coolant chiller 17,2 kW
and return pump station 400 l/min
- autom. coolant nozzle system right

Serial number: SN 5073-0013

Delivery time: available immediately

465.000 €

PLANOMAT HP 412 CNC

Sold

- complete mechanical overhaul in 2020
- machine control Siemens 840 D Solution Line
- spindle drive variable 15 kW
- grinding wheel adapter 400 x 35 ... 100 x 127 mm
- E-Perm magnetic chuck 1100 x 400 – DQ 18
- linear measurement for X-Achse
- Manuelles elektr. Auswuchtgerät
- Dressing attachment PA-T130S
- coolant supply system right
- coolant mist extractor SARA UC2
- coolant filtration unit 250 l/min mit Kühlaggregat 4,9 kW
- prepared for Digital Solution
- original year of manufacture 2016

Serial number: SN 5060-0391

Delivery time: On request

PRICE ON REQUEST

PLANOMAT 620 EP

Sold

- complete overhaul in 2020
- machine control Siemens 840 EP
- half closed housing
- spindle drive 11,4KW
- grinding wheel adapter 400 x 30...80 x 127mm
- E-Perm magnetic chuck 2000 x 600 – DQ18
- linear measurement for axis Y und Z
- coolant supply system right, left side optional
- prepared for profile dresser PA-TL
- standard dressing diamond
- increased column 150-950 mm
- bandfilter coolant unit 150-100/3,5
- original year of manufacture 2001

Serial number:

SN 14912

Delivery time:

available immediately

PRICE ON REQUEST

JUNG REBUILD JF520-I

- Grinding length 600 mm
- clamping surface 600 x 200 mm
- Magnetic chuck size 500 mm (max. 600 mm)
- Distance between table surface and grinding spindle center max. 495 mm
- Grinding wheel dimensions (dxwxb) 250x25x51 mm
- Grinding spindle drive 5,5kW (AC) with autom. adjustment of peripheral speed and electrical grinding spindle brake
- Manual head dresser for cylindrical dressing with dressing value compensation
- Digital position measuring system in Y- and Z-axis
- Autom. lubrication

Serial number: various

Delivery time: 14 weeks

ab 115.900 €

JUNG REBUILD JF525N-RS

- Grinding length 600 mm
- Clamping surface 600 x 200 mm
- Magnetic chuck size 500 mm (max. 600 mm)
- Distance between table surface and grinding spindle center max. 495 mm
- Grinding wheel dimensions (dxwxb) 250x25x51 mm
- Grinding spindle drive 5,5kW (AC) with autom. adjustment of peripheral speed and electrical grinding spindle brake
- Manual head dresser for cylindrical dressing with dressing value compensation
- Digital position measuring system in Y- and Z-axis
- Digital drive and servomotors in Y- und Z-axis
- 12" Widescreen-TFT-Colour-Display (16:9)
- Autom. lubrication

Serial number: various

Delivery time: available immediately

ab 124.400 €

JUNG REBUILD JE525P-R

- Grinding length 600 mm
- Clamping surface 600 x 200 mm
- Magnetic chuck size 500 mm (max. 600 mm)
- Distance between table surface and grinding spindle center max. 495 mm
- Grinding wheel dimensions (dxwxb) 250x25x51 mm
- Grinding spindle drive 5,5kW (AC) with autom. adjustment of peripheral speed and electrical grinding spindle brake
- Manual head dresser for cylindrical dressing with dressing value compensation
- Digital position measuring system in Y- and Z-axis
- Digital drive and servomotors in Y- und Z-axis
- 12" Widescreen-TFT-Colour-Display (16:9)
- Profil dressing by JUNG - control
- Autom. Lubrication
- Hydraulic cooling unit

Serial number: various

Delivery time: available immediately

ab 147.500 €

CONTACT

We offer BLOHM JUNG demonstration and used machines in perfect condition at very reasonable prices.

The purchase of a demonstration or used machine ex manufacturer's works is worthwhile for you in every aspect!

In order to be able to provide you with a grinding machine quickly and easily if required, we at BLOHM also have an attractive range of stock machines available for you.

We would be pleased to inform you about the currently available used, stock and demonstration machines.

Please do not hesitate to contact us
